**WHOLESALE ONLY.** We no longer sell any bulbs at retail, and therefore issue no illustrated catalog or Fall Price List. We are better satisfied to sell at one price only, and we believe the prices quoted here are as low as is consistent with the quality offered.

**OUR STOCK.** All of our bulbs and bulblets were Semesan-treated before planting last Spring. The land on which they were grown is sandy loam, and the bulbs are clean and plump. Of course, they are guaranteed to be true to name.

**SUBSTITUTIONS FOR SIZES.** It often happens that we are out of the particular size ordered, especially late in the season, and yet have plenty of another size of the same variety. In many cases the purchaser is just as well satisfied with a size larger or smaller. If this is true of you, please let us know what substitution is permissible, as it may save us both needless correspondence. **We will not substitute without permission.**

**CANADIAN ORDERS** should be accompanied by a Permit Number.
